This year we have the following teams, heading away to their respective national tournaments.

Under 14 A – New Plymouth

Under 14B – New Plymouth

Under 16A – New Plymouth

Under 16B – New Plymouth

Under 18 Women's - Auckland

Under 18 Men's - Auckland

Opens Women – Christchurch

Opens Men - Napier

Opens Mixed – Christchurch

As you might expect the costs for these teams to travel to any pre-season tournaments and their respective national tournaments is quite costly and with this being a financial burden for most families, we do our best as a centre to support these costs.

The centre does apply for funding (usually with funds attributed to accommodation and travel) and the centre budgets to cover some of these costs such as tournament fees, administration costs, team support costs, training venues, prizegiving, photos and uniform. This year we want to include fundraising with the money raised from this fundraiser going back into the representative pool to assist the centre with these extra costs while not placing these extra logistical costs on the players and whanau.

This year the selected players will also be expected to take part in a raffle fundraiser which will cover the cost of training tops and will also go towards the overall campaign.

To give you an idea the 2025 campaign will have a mixture of costs, with each team being unique in terms of the support they require, I have listed some below.
